MESSAGE

I personally delighted & very much satisfied the way Sudarshan College of Management and Research Institute of Computer Science has progressed over the years and has done excellent work in the educational field. Education has become most competitive field, now a days only % of marks are counts and thereby deprived large number of students from desirable education. Your institute has helped these students and myself is one of them.

I wish and believe your institute will achieve greater highlights in days to come.

Colonel

CERTIFICATE

- 1. I am very glade to know, that Sudarshan Educational Foundation of Maharashtra is organizing competition exam under "Dnyankalp Scholarship Certificate " It is very good thing. It is immense pleasure to find out such a talented and dedicated students through this exam and successful students will be rewarded by scholarships. Such an organization is necessary to increase the quality and give the fame to youth by organizing competition exam.*
- 2. I convey my best wishes to your our organization for doing such a great work and to continue the same in coming years.*

Yours sincerely

(Col JS Sandhu)
